

MSRC Major Equipment List

NOTES & DISCLAIMERS:

- (1) THE CUSTOMER AND ITS PLANWRITER HAVE SOLE RESPONSIBILITY FOR ALL PLANWRITING. THE FOLLOWING IS INTENDED ONLY AS INFORMATION ABOUT POTENTIALLY AVAILABLE MSRC RESOURCES THAT MAY BE CITED IN THAT PLAN, SUBJECT TO THE CONTRACT TERMS BETWEEN MSRC AND ITS CUSTOMER.
- (2) THIS INFORMATION IS SUBJECT TO CHANGE WITHOUT NOTICE.
- (3) MSRC CANNOT AND DOES NOT REPRESENT OR GUARANTEE THAT ALL OR ANY OF THE FOLLOWING RESOURCES WILL BE AVAILABLE AT ANY ONE TIME, DUE TO OTHER SPILLS, DRYDOCKS, PERIODIC MAINTENANCE REQUIREMENTS, REPAIR, ETC. IF RESOURCES BECOME UNAVAILABLE, MSRC HAS NO OBLIGATION TO NOTIFY CUSTOMERS OR THEIR PLANWRITERS, BUT WILL (a) PROVIDE OSRO REDUCTION NOTICES TO THE USCG AS REQUIRED BY USCG REGULATION, AND (b) NOTIFY CUSTOMERS IF MATERIAL CHANGES OCCUR THAT WOULD REDUCE MSRC'S FEDERAL OSRO CLASSIFICATION.
- (4) The following lists the resources POTENTIALLY available. Actual availability depends on circumstances, including commitments to prior spill responses and other circumstances such as noted above. Use and availability of specific equipment will also depend on local conditions, availability of contractors, traffic, weather, safe navigation and other conditions permitting.
- (5) Listed resources may not be appropriate for all operating environments (e.g., offshore vs. nearshore vs. inland), and the customer and its planwriter must plan for and allocate resources accordingly.
- (6) Resources may be deployed in various combinations as directed by customer and dictated by circumstances. For example, skimmers and boom may be deployed with different vessels than those listed (including, potentially, appropriate vessels of opportunity (VOO) as identified by MSRC, the customer or its planwriter). The customer and its planwriter accept responsibility for plan reference and/or reliance on specific VOOs, given they may or may not be available at the time of an incident.
- (7) Estimates provided re: resources (EDRC, storage capacity, etc.) are NOT performance guarantees or warranties. Actual recovery rates, storage capacities, etc. will vary and will depend on the specifics of the individual response, the type of oil involved, etc.
- (8) EDRC is the Coast Guard and BSEE-prescribed measurement of skimming capability for planning purposes, and may not represent actual performance.
- (9) Preparation and implementation of plans remains the responsibility of the customer and its planwriter. The following is only a summary of potentially available MSRC resources, subject to above notes and disclaimers, and subject to other contract terms between MSRC and the customer. The customer and its planwriter are solely responsible for determining the total package of resources needed for planning purposes (MSRC and other) and for arranging for all necessary resources.
- (10) The MEL is a comprehensive list of resources nation-wide within MSRC's three regions, i.e. Atlantic, Gulf, and Pacific regions. Due to various state regulations in California and Washington, the resources listed in the Pacific region cannot be listed in a Gulf region plan without the express written permission of MSRC. These exclusions do not apply to dispersant aircraft or dispersant inventory.

Atlantic Region Capability

Portland, ME

| | Skimmers (EDRC bbl/day) | Boom | Dispersants | Storage | Small Boats & Other Equipment |
|--|--|---|----------------------|--|---|
| MSRC 620 Oil Spill Response Barge (OSRB) | 1 Desmi 250 (2,112 bbl/day) 1 Stress I (15,840 bbl/day) | 2,640 ft 67" Curtain Pressure-Inflatable | | 62,000 bbl Onboard Storage | |
| 30 ft. Kvichak Kvichak Marco Skimming Vessel | 1 Marco I (3,588 bbl/day) | | | 24 bbl Onboard Storage | |
| Aluminum Storage Barge #3 Aluminum Storage Barge | 1 Komara K-30 (905 bbl/day) | 50 ft 18" Curtain Internal Foam | | 200 bbl Onboard Storage | |
| CROCKER Support Vessel | | 1,000 ft 27" Curtain Internal Foam | | | |
| Portland Warehouse MSRC Equipment Site | 1 Elastec Drum (288 bbl/day) 1 GT-185 Skimmer (with Adapter) (1,371 bbl/day) 1 Komara K-12 (362 bbl/day) 2 Lori Side Collector (2,714 bbl/day) 1 Ro-Clean OM 260 (362 bbl/day) 1 Sea Devil (2,290 bbl/day) 1 Skim-Pak 1800 (2,054 bbl/day) 1 WP-1 (3,017 bbl/day) | 1,060 ft 18" Curtain Internal Foam 2,700 ft 19" Curtain Internal Foam 1,000 ft 26" Tidal Seal 4,500 ft 27" Curtain Internal Foam 5,610 ft 67" Curtain Pressure-Inflatable | 990 gal Corexit 9500 | 1 Shallow Water Barge (self propelled/400 bbl) (400 bbl) 1 500 bbl Towable Storage Bladder (500 bbl) 2 100 bbl Mini Barges (200 bbl) 2 10 bbl Fastanks (20 bbl) 2 55 bbl Fastanks (110 bbl) 1 50 bbl Fastank (50 bbl) | 1 Workboat (Cadillac) 1 Workboat (Agamenticus) 1 Fast Advancing Encounter System #4 |
| Site Totals: | 13 Skimmers (34,903 bbl/day) | 18,560 ft Boom | 990 gal Dispersants | 63,504 bbl Storage | |
